BENTLEYVILLE MAN DYING AS RESULT OF BEING ATTACKED

Charlie Stickles is Perhaps
Fatally Shot by Unknown
Assailant

SHOTS ARE FIRED FROM AMBUSH

Possibility That Assailant is None
Other Than the Murderer of Joseph
Smith, Who Was Killed Sunday
at Webster.

Charles Stickles of Bentleyville and a miner at the Acme mines near that place, was perhaps fatally injured this morning about 4 o'clock when an unknown and unseen assailant fired two shots into his body, one going through the small of his back and the other passing through the arm and lodging in his breast. The wounded man was immediately rushed to the Memorial hospital in Monongahela and his condition is reported over serious.

Stickles stays at a boarding house near the Acme brewery and is known in the community only as a diligent worker and a conservative man. About 4 o'clock this morning he was taking a morning stroll in the yard at the rear of the boarding house when he was shot from ambush. Stickles declares that he knows of no incentive that would lead anyone to endeavor to kill him.

Dr. Alexander N. Booth of Bentleyville was summoned directly after the shooting, upon noting the serious condition of the wounded man, secured the Richardson machine and under his care Stickles was rushed to the hospital in Monongahela.

William McCleary, a Monongahela detective, was sent post haste to Bentleyville to assist Chief Thomas E. White, of the Bentleyville police force, to round up the assailant.

The hospital surgeons decided that the wounded man was entirely too weak and exhausted to have a search made for the bullets and decided not to probe for the bullets until he recuperated a little, should this occur.

Only a small bit of evidence was left by the assailant but the Bentleyville police are efficient and it is thought that the person committing the deed will be apprehended. Should traces of a trail be located bloodhounds will be secured to track the fugitive. It is rumored that the murderer of Joseph Smith at Webster may be identified as the assailant of Stickles.

SMALL ROOF FIRE AT HOME OF OSCAR VERKLEEREN

The North Charleroi Fire department was called out by a small blaze on the roof of the home of Oscar Verkleeren on Lock hill this morning. The fire was extinguished before the company reached the place. A few burned shingles near the chimney was the only damage.

Notice.

Notice is hereby given that I will not be responsible for any debts contracted for in my name, other than those made by myself. Signed.

LOCAL TALENT TO PARTICIPATE IN CONCERT FOR BELGIAN RELIEF

Violin Selections, Solos, Readings
and Chorus Numbers to Constitute
Program—Professor I. T. Daniel
To Direct.

Those who anticipate attending the concert to be given by the Charleroi Choral Society at the High School auditorium this evening have a treat in store. A splendid program has been arranged. The appearance of Miss Norma Bosson, a pronounced local favorite, together with Monsieur Felicien Felot, violinists, is enough to ensure the success of the program from a musical standpoint. The society will render six numbers and Miss Ethel Barth, Miss Isabelle Dorbritz and Warren Kinder will be heard in solo work. Miss Mary M. Chester, the well known local elocutionist, will also contribute two selections. Miss May Barth will be heard in a piano solo and also officiate as accompanist. Prof. I. T. Daniel will direct.

DELEGATION IS OF LITTLE AVAIL

Monongahela Mines Will
Not be Opened at Present,
Declares Manager

INVESTIGATION SHOWS STATE

That there is little likelihood of the reopening of the Catsburg and Black Diamond mines of the Pittsburg Coal company at Monongahela in the near future was the substance of numerous statements made by George W. Schlueberg, general manager of the company when visited by a delegation of Monongahela men to urge the resumption of operations.

Mr. Schlueberg stated that a careful investigation of conditions in and around Monongahela showed but few men of the district to be out of employment at the present time, and that many of these could have jobs if they would take them. The general manager of the company said further that for the present nothing would be done in opening the two mines which closed down about one year ago.

His view of the future of the coal industry in this section was gloomy and he advised the seeking of manufacturing plants and other industries to increase the business of the territory.

A mass meeting to discuss ways and means of getting business will be held some time this week under the auspices of the Chamber of Commerce. At this time plans will be brought up to bring new manufacturing plants to the place.

LOCAL PHYSICIANS CUT LOOSE ON CREST

Dr. A. S. Sickman and Dr. H. H. Hill Are Brought
Before Burgess as the Result of Complaint
Made by Carl Corwin

Carl Corwin, of Crest avenue, whose 1 year old child was struck by an automobile yesterday morning filed a complaint with the burgess last night, with regard to speeding automobiles on the hill across in his complaint to the burgess Mr. Corwin named Dr. A. S. Sickman and Dr. H. H. Hill. The above named were requested to appear before the burgess and on being questioned it was stated that the speed laws were sometimes stretched a little in order to make the hill at this point. Sickman was asked how fast he was going at the time of the striking of the child. He was unable to determine his speed as he was not watching the speedometer. After the usual reprimand by the burgess they were discharged.

WASHINGTON DISTRICT EPWORTH LEAGUES WILL OPEN ANNUAL CONVENTION WEDNESDAY

Expected to be the Largest Convention Ever Held in
Washington County—Missionary From Java
Will Speak on Missions

Wednesday morning the Washington District Epworth League will open a three days' session at Monongahela. The affair is one of many preparations and noted speakers from all over the country will speak. A famous missionary from Java will be present at the conference and will speak of mission work in that country. All the Epworth leagues of the county are pledged to give a certain amount to mission work in Java and concerning the expenditure of this money the missionary will speak.

An excellent and strong program has been arranged and this, the 24th annual convention will undoubtedly be the largest yet held. The many Epworth Leagues of Washington county have appointed their delegates on a basis of one delegate to each fifty members. Last year there were about 300 present and it is estimated that even more delegates will be present at the coming convention.

CAMPERS ALREADY MOVING TO BENTLEYVILLE CAMP GROUNDS

Repairs Made at the Bentleyville Campgrounds—Indications Point To Successful Year.

Present indications point to one of the most prosperous years in the history of the Bentleyville camp grounds. Already many families have moved to the grounds and more are preparing to make their abodes there shortly.

During the late winter and early spring several improvements have been made on the grounds, chief among them being the repairing of the rustic spring house. Cottages have also been repaired to some extent. Beginning early in the spring the grass has been kept trimmed short.

As usual campmeeting will be held at the Bentleyville grounds in the latter part of August. However, this being the only summer resort in the section, a great many families spend the hot and uncomfortable summer months in the cool freshness of the grounds.

Special Bread Prices.

In order to introduce our bread to the people of Charleroi we will give special prices every day for the coming week. All 10 cent loaves 8 cents, 2 for 15 cents or 3 for 25 cents. We use nothing but the best materials in our bread and if you eat it once we feel sure you will be a regular customer. United Bakery, 639 Fallowfield avenue. 6-14

TOMORROW The Eternal City

Two Shows afternoon, first performance at 1 o'clock. Evening shows start promptly at 6 o'clock. Prices, children 10 cents, adults 25 cents. Coming to the Coyle Wednesday, June 30, "The Avenging Conscience."

MYSTERIOUS FEATURES ARISE IN SMITH MURDER AT WEBSTER

FATHER OF LOCAL WOMAN DIES
AT HOME IN WILKINSBURG

George Deeders Arrested on
Charge of Implication
In Murder

Wilson Peoples Johns, aged 71, died at his home in Wilkesburg Saturday morning at 3:45. Funeral services were conducted Sunday afternoon at 4 o'clock and the interment which was private was held Monday morning at ten o'clock. Mr. Johns is survived by his wife, Mrs. Amanda Johns, seven daughters, Mrs. W. A. Waterson of Charleroi, Mrs. Albert Moorhead of Indiana, Mrs. Henry VanRyn of Wilkesburg, Mrs. O. Roue of Wilkesburg and Misses Mary, Edna and Pauline at home and three sons, Dr. William Johns of Mecanachsburg, John H. Johns of Franklin and Marvin Waterson of Wilkesburg.

MARIANNA MINES OPENED MONDAY

Operations Begin in Full
After a Prolonged Suspension of Operations

PLACES FOR 200 TO 300 MINERS

The Pittsburg offices of the Pittsburg-Buffalo coal company have announced the full operation of the Marianna mines beginning Monday, June 21st. The announcement is one heartily welcomed in the mining circles for the closing of the Marianna mines some time ago brought with it a great deal of suffering and restriction among the majority of the Marianna people.

Prospects, it is stated are bright for steady employment and there are places open for from 200 to 300 miners immediately.

No small amount of suffering was endured at Marianna last winter by the miners, they being maintained chiefly by the contributions and donations secured in the county and various sections of the state.

LOCAL BOYS WILL BE SHOWN AT THE MAJESTIC

The leading stars at the Majestic next Friday will be our local high school boys, Booth, Lowmister, R. Carson, Ritchie, Hill, Hickey, H. Carson, Holyfield, R. Speers, Stahlman and others. This will be your chance to see the boys at their best. Majestic, Friday, June 25.

Fancy new potatoes, 30 cents peck, country eggs 23 cents per dozen. 5 cans Monarch milk for 25 cents at Mahieu's, 317 Fifth street. 6-12

Francis X. Bushman at his best in "Graustark" at the Majestic tomorrow. 6-12

FOR THE BRIDESMAID
BEST MAN
AND USHER

THE WEDDING SEASON naturally creates a demand for gifts, whether for bride, bridesmaid, bridesmaids or matrons and groomsmen, not forgetting the best man. Unique, original and dainty articles of fine jewelry and essentials demanded by fashion and custom. In the display shown at John B. Schafer's, the greatest range of selection is offered. We test eyes free and do our own lens grinding. Repair all kind of locks and make all kinds of keys.

NEITHER FIT NOR SUFFICIENT

Some weeks ago Senator Simmons, who helped to enact the Underwood tariff act, held a two days' conference with that lightning calculator, the secretary of the treasury, on "the state of the union." On emerging from the classic portals of the treasury department the Senator was coaxed into the declaration that the treasury deficit for this fiscal year would probably not exceed \$25,000,000. Since that declaration was made the following reports have been published:

First, that Secretary McAdoo and Collector Osborne were to shake up the income tax collecting force. About twenty of the agents have been invited to resign. Their efficiency being measured by the number of dollars they collected, they have been found wanting and they are to be replaced by trained accountants (not under civil service) who can more microscopically examine the books of the corporations and the incomes of individuals. They will be given such inquisitorial powers as the secretary has authority to grant.

Second, a reclassification board, quietly organized by the treasury department, has been so reclassifying the imports as to increase the duties, for the purpose of obtaining more revenue. This has raised a howl among importers, who call it "executive revision upward."

Third, it is reported that the Treasury Department intends to hold up payments on various government contracts indefinitely. This can readily be done on the pretext that the work performed has not yet been approved or does not quite conform to specifications.

Fourth, that no payments are to be made, until further instructions are issued, on public building sites already selected and approved and for which appropriations have been authorized.

Fifth, the Treasury Department has given out that until the ultimate claim has been audited, no award will be made under the omnibus claims bill. A force of clerks is now on the work and doubtless the last claim will be approved—after June 30.

The post office and the Indian Appropriation bills failed of passage in the 63rd Congress, owing to Democratic inefficiency and legislative juggling. The Democrats during their control of the lower House have been guilty of this sort of "economy" in fifteen instances. These two bills, whenever they are passed will carry \$12,500,000 more than the reports show.

All these things should be taken into consideration when those interested in the daily treasury statement scan the figures which will appear June 30, 1915.

Notwithstanding the burdens of war taxes in peaceful times, national credit is threatened and a hard issue seems imperative. Food prices are soaring and evidences are accumulating to establish the fact that Democratic policies are not fit or sufficient for this country.

THE WAR AND MEAT PRICES

There is a forecast of increased meat prices for the summer. It is said that for many months the American packers have been able to supply the great demands of the warring European countries because of the large stock on hand in the warehouses. The stock is now depleted, remarks the Cleveland Plain Dealer. When it is exhausted there will be a sharp increase in price. This is the statement of the packers themselves, and of certain government experts who have investigated conditions.

The housewife will, therefore, be asked to pay a little tax to help keep the European war a-going. Of course Europe with money to pay and a pressing need to meet will demand attention of the meat men who are in business for profit and not from any humanitarian impulse. With increased prices abroad they will not hold down the prices at home. It is all very simple.

Fortunately, meat in summer is less desirable than meat in winter. Experiments in temporary vegetarianism may be made in American households during the hot months.

By October the war may be over, or something else may happen to bring fresh food within the reach of families not blessed with affluence.

Meanwhile it is fair to assume that the advance in price may be really due to the war. Advances in food prices immediately after the outbreak of the war were iniquitous; the war did not make American food scarce or justify any squeezing of the American consumer. It has required nearly a year of fighting to bring an increase which may be in any degree justifiable from a practical standpoint.

PICKED UP IN PASSING

When May was three years old she was taken to church for the first time, remarks the New York Times. She immediately became very restless and was determined to stand up on the cushioned pew. Her mother endeavored to hold her close to herself, but the little girl struggled and finally began to cry.

"Why, May," said the mother, losing her patience, "can't you be quiet like a good little girl?"

"I can't see it," replied May, "and I want to get up so I can."

"What is it that you want to see so badly?" queried the mother.

"Why, mother," said the little child, "I can hear the organ grind and I see the man coming for the pennies but I cannot see the money."

A Sunday school teacher in Greene county had quite an enterprising class of boys, they ranged in age from eight to ten. She encouraged them to be especially diligent in spiritual matters, but then, too, they must not forget to bring along a cent each Sunday morning to place in the collection basket.

The boys all remembered the pecuniary end and for many Sundays came fortified with the amount. Several Sabbaths after she had admonished all of the boys to bring a cent for the basket, she was taking up the usual collection.

A small Russian youngster looked down-hearted when the collection basket came before him it was clear that he was penniless. For an instant he appeared non-plussed then quickly he looked up into the eyes of his teacher and exclaimed:

"Teacher, is God always here?"

Melancholy Women
Women should understand that melancholy, commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attention. For nearly forty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs has been the standard remedy for such conditions as proved by many testimonials which we are constantly publishing from women who have been restored to health by its use. Our Own Popular Songs.
A working girl who sought a job when business was not slack.
Tried exercising horses at the old Lathrop track.
She liked the work, and she was always certain of her pay.
For her employer was a sport who paid her by the day.
Said he, "You're an apprentice, but I'll let you have a mount.
And you can ride Star Shooter, he's a colt of some account.
He's entered in a race next week, and he'll win sure as fate,
For you must cut out and get and train so you can make the weight."
The great day came, and when the nags paraded to the post.
The girl had made the weight, but she was feeling like a ghost.
The barrier went up and then Star Shooter took the lead.
He ran like he was scared to death and showed a world of speed.
He ran so fast that he was soon in front by a half mile.
And when they hit the stretch the girl looked back with a glad smile.
The great crowd yelled, "Come on, go, Star! Come on! The rest are jokes!"
And then the girl remembered that she must face all the folks.
She felt round for her powder rag and powdered up her nose.
And gazed into her mirror as she sat in sweet repose.
And, as she primped, the other horses galloped up and passed.
And, when she'd finished flogging up, poor Star was running last.
Star's owner said, "You're fired, you dab. To win you differ here!"
And though his lungs were in her throat the brave girl did reply:
"Chorus.
"I may be riding horses, but I'm humbly just the same!
And just because your old nag lost, why should I lose the game?"
And no guy ain't no gent, though he wears diamonds on his clothes.
Who'd fire a working girl because she powdered up her nose!"

Names Is Names.

Our Daily Special.
We all try to do those we are dunned by.
Luke McLuke Says:
The only man who knows how to manage a woman is the lad who has never tried it.
Mother gets so tired of the same old furniture in the same old rooms and the same old dishes in the same old kitchen that she takes a few hours off every now and then and rearranges her keepsakes in the old trunk in the attic, the same trunk she took on her bridal tour. And she will dust off the piece of her wedding cake that is wrapped up in a piece of her bridal veil. And she will kiss the little pair of baby shoes wrapped up in the tiny baby cap. And she will get out the dainties of father taken the day they were married. And she will have a good bowl and kiss the dainties. Then she will go downstairs, and when father comes home to supper she will give him the devil because he didn't wipe his shoes on the mat.
When he first gets her life is all honey, but later on life is all lives.
A tiny mouth often hides an awful lot of jaw.
Whisky grows better as it grows older. But men are not that way.
Many a brave man who doesn't mind going the mile will do a lot of hollering when he is asked to listen to it.
Most women have two dispositions, one for home use and one for company use. And this is also true of most men.
Consider the thermometer. It often takes a drop too much at night, but that doesn't prevent it getting up early the next morning.
Every now and then you will see a woman who gives you the impression that if she smiled she would crack her complexion.
After a fellow roams around for awhile he gets an idea that square men are almost as rare and almost as old-fashioned as square pianos.
Anyway, Adam never had to get up out of bed and empty the pan under the ice box.
During the honeymoon she believes that the earth snags down every time he takes a step, but later on she believes that it would take about fourteen mutts like him to outweigh a feather.

TWO LARGE PICNICS TO BE HELD AT ELDORA THIS WEEK

St. Jerome's Annual Outing on Thursday—Picnic of Epworth Leagues of Washington District Friday.

On Wednesday, June 23, Eldora Park will be the scene of the picnic and outing of the Donora Parochial schools the affair will be one of the largest of its kind ever held at Eldora. Andy Wise is Chairman of the committee in charge of the outing.

The largest affair of the season as well as of the week will be the Annual outing of St. Jerome's Church of Charleoi to be held at the park on Thursday, June 24. An elaborate program of sports has been arranged by the various committees in charge of the affair. In the afternoon dancing and euchre will hold two of the most important places on the program. In the evening the chief attraction will be the dance pavilion. The committee in charge of these features have neglected nothing and everything points to one of the most enjoyable affairs of the season. General admission tickets are being sold to the park and these include use of all amusements.

Friday another big event will be held at the park when the picnic of the Washington District Convention of Epworth leagues will be held. This comes as the conclusion to a convention being held during the week at Monongahela. This is also being carefully planned and it is expected park during the afternoon.

On Friday evening the regular weekly dance will be held by John Weber.

The week of June 28 several picnics and dances have been scheduled. Wednesday June 30 the Hebrew Ladies of Monessen will hold their outing.

BALL GAME TO BE BIG FEATURE MONDAY AT PITTSBURG

The second holiday attraction of the season at Forbes Field will be the two games, one in the morning and one in the afternoon on Monday, July 5, with the Pirates stacked up against the St. Louis Cardinals. Old Father Time slipped the Fourth of July in on Sunday this year, so that the usual Fourth of July doings must be celebrated on Monday, the fifth, baseball along with the rest of the fireworks.

The National league is still one of the grandest that has ever graced the history of the old league in its forty odd years of activity. After two months of the hottest kind of going, but half a dozen games separate the first club from the last. As Manager Clarke of the Buccaneers put it the other day, with every club in striking distance of the top, every game between any two clubs is a battle for first place.

Pittsburg and St. Louis are right in the middle of the heap, two or three games from the top, always within hail of the leaders and both teams are putting up the best kind of ball, so, as Fred Clarke says, the clashes between them on Monday, July 5, will virtually be battles for first place.

Bobby Schag will be able to get in the game if necessary long before these games and Doc Johnston is likely to be back at first base any day now, his ailment being slight, so that from the present outlook the Pirates should have their full strength against the Cardinals. The morning game will start at 10:30 o'clock and the afternoon contest at 3 o'clock.

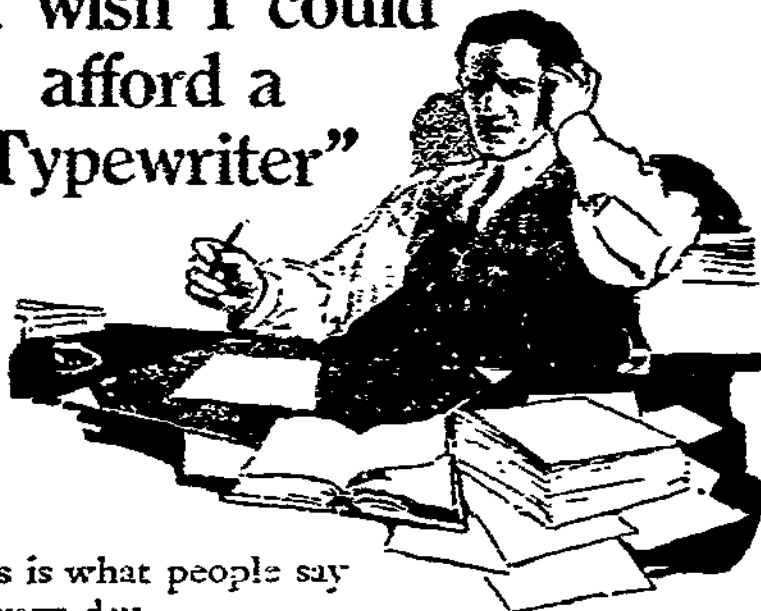

Ninth Street Rebels Win.

In a well and fast played game Monday the Ninth Street Rebels won from the Tenth Street Hill Tops at a score of 10 to 4. The Rebels have not been defeated yet during the present year despite the many games they have played.

WHAT THE WAR MAY EFFECT

Some Good Possible to Come Out of the Frightful Destruction Now Going On.

Is the war a "dreadful catastrophe"? Members of the western branch of the World Presbyterian alliance objected to the designation and voted it out of a resolution. Their view was that the present European struggle might be ordained of God and designed for the betterment of the world. Perhaps that view may be correct, but we shall have to wait for the verdict of history.

One authority has made the computation that it took 2,000 battles to win liberty of conscience, thought and speech. If so, the result was worth the cost. Culture was diffused through the wars of Alexander the Great and the foundations of modern government were laid by the conquests of Julius Caesar. There is a great difference of opinion as to whether the Crusades achieved any good, and the beneficent effects of the Napoleonic wars are difficult to discover.

Perhaps the very best result that we may expect from the present conflict is that it will demonstrate war to be too costly, too barbaric, too inconclusive a method of settling international differences to be indulged in again. All who have watched the casualty lists, heard of the sufferings of the non-combatants, calculated the loss of industrial efficiency or deplored the vandalic destruction of cathedrals, museums, universities and other art treasures will at least hope that such may be its influence on the nations of the world.

MANY REFUGEES IN IRELAND

Belgians Being Well Taken Care Of by Hospitable People of That Country.

The fact that many Belgian refugees are being cared for in Ireland is disclosed in a letter received by a Brooklyn woman from her daughter, now in London, who says:

"The Belgian refugees are being well taken care of in Ireland. I have seen something of them in Dublin and Cork. In Cork they are under the direct control of a Miss O'Brien and a competent committee. Miss O'Brien gives a rich sympathy and understanding to her work that already brings some hope to these sad people."

"In one house in Cork—a municipal lodging house—there were 65 old men and women, middle-aged, young people, children and babies—two boys since their mothers arrived in Cork. They are all peasants from the small villages near Louvain and Aerschot. One old man of ninety, a prosperous farmer, having possessed four cows, one costing 500 francs, left with his wife two or three days before the arrival of the Germans, the priest telling them to seek a place of safety. He has neither seen nor heard of his children or grandchildren since he left Belgium. The poor old man won't wear an overcoat; he says it's so heavy he couldn't walk to Belgium in it. Many of the refugees refuse to go to Ireland; it's so far they fear they will never get back to Belgium." —Brooklyn Eagle.

Candy From the Fields.

One of the latest promises from modern discoveries is that the candy of the future may be grown in the fields. Alfalfa is the medium. A man who owns food mills in Idaho and Montana announces that he can make at least seventy-five different kinds of candy from alfalfa. There is also a mill in California that makes meal from alfalfa, which is for the raw material of the candy maker. A rich grade of sirup may also be made from alfalfa. The discoverer is so enthusiastic over the results of his alfalfa research that he is planning for the manufacture of alfalfa flour, which he asserts will be superior to all other flours for baking. This mill will probably be ready in six months. He has a mill in Idaho that has been making a balanced food for five stock out of alfalfa. If the candy experiment turns out to be a reality, there may be expected a large increase in the acreage of the planting.

Deserted Egypt Mourns.

Egypt is suffering greatly from the European war. There is no season this year. The pleasant parties at Cairo and Alexandria are missing and the picnic, the little tours, the journeys up the Nile have all ceased to be. There are only the English, who must be here, and a few French, but no Germans or Austrians or Italians, and, above all, mournful to state, no Americans.

Most of the big hotels are closed. The Grand Continental and Sheppard's are open, but the Savoy, the Semiramis and the Chelchek Palace will not open this year. Helwan is deserted, with only one hotel and a pension open. A few hotels maintained by the aged invalids who insist upon going there are open at Abasco, at Luxor and at Assuan. Egypt mourns from the donkey boys to the naughty managers of its great hotels.

Most Copper Produced Here.

The United States is by far the largest copper producer in the world; in fact, we produce more than all the rest of the world together. The growth of the copper industry in the United States has been notable, according to figures compiled by the United States geological survey. In 1847 the production was 224,000 pounds; in 1913 it was 1,224,484,698. The total production of the United States from 1847 to 1913 was 18,357,476,910 pounds.

JOHNNY J. JONES CARNIVAL COMING TO CHARLEROI

July 5 at 10:00 A. M. is to be the date set for the opening of the carnival located at Charleroi to be given under the auspices of the Moose.

The last few years have witnessed a great change in the carnival department of public entertainment. The unreliable promoters whose operations were of the fly by night and whose promises were founded on no more substantial substance than the staff of which dreams are made, and whose performances and exhibitions their advance notices discounted to the vanishing point, if indeed they remembered the original prospectus at all have been succeeded by carnival combinations of recognized merit and standing whose business is conducted on a sound basis and who realize that the promise made must be kept in substance at least.

The fortunate that Mr. Jones has accumulated and the prestige that the Jones Shows now enjoy, speak emphatically of the success that he and his lieutenants have had in conducting their affairs so as to retain public confidence and support and give the public the kind of entertainment it wants at its carnivals and street fairs. It is an absolute fact that no better plan has ever been devised to create the get-together spirit in a community, to insure the cooperation on the part of members of a fraternal order or society than a carnival operated on clean business lines, and of late years the state fairs in particular have recognized this, and rely on carnival people almost entirely to provide the most amusement features and novel attractions.

The Johnny J. Jones Shows announce for this season the greatest aggregation of shows ever collected for an amusement enterprise of like character, of which include fifty big attractions and free acts.

SHOP MEETING POSTPONED UNTIL THURSDAY NOON

The regular weekly noon hour shop meeting held at the Macbeth Evans Glass plant by Rev. E. N. Duty pastor of the First Christian church has been postponed until Thursday noon on account of a funeral.

Bentleyville Wins.

Saturday a very interesting game was played on the Bentleyville ball diamond between the Belle Vernon team and the Bentleyville team. At the commencement of the game it looked as though the Bentleyville team would be the team vanquished. However they soon rallied and it was not long until the score sheet read decidedly in favor of the Bentleyville lads and at the close of the game was radically in favor of Bentleyville, the score being 14 to 3.

Child Welfare Circle.

The Child Welfare Circle will meet at the high school auditorium Wednesday afternoon at 2:30 o'clock. All members of the circle are being urged to attend as this will be the last meeting until fall.

VALUE OF DOGS IN WARFARE

European Armies All Employ Them, and Testimony Is That They Give Good Service.

While there has been devoted a good deal of attention to the use of dogs in ambulance work, the sentry dog has figured little in dispatches. The sentry dog was recently recommended a year or two ago by some of the higher French army officers, but they received no encouragement from the war office. Now the need is acutely felt and a corps is being trained as rapidly as possible. A dog of this kind will invariably give warning of the approach of an enemy long before the soldier sentry is aware of it. In one section of the northern front where dogs have been used for the past month, no night attack of the Germans has been successful.

Not every dog will make a good enough sentry. They need careful selection and equally careful training. Many animals that are excellent as watch dogs or in guarding their master's property, prove worthless when removed suddenly to a new environment and stationed under a stranger.

The English at present have dogs working with about thirty battalions of their army. The Russians also use them rather extensively on sentry duty.

It is said that the Germans, whenever they enter new towns, make it a rule to collect and train all likely dogs, and to kill all others. Many of their signalmen go out accompanied by dog scouts, who give warning of the approach of the enemy.

THOUSANDS OF DOLLARS SPENT ON STOMACH

Pennsylvania Man Gets Quick Remedy for His Long Suffering Stomach.

Henry F. Curry of the Hotel Barlett at Cambridge Springs, Pa., suffered most desperately from ailments of the stomach and digestive tract for years. He spent a fortune in the pursuit of health.

At last he happened to discover May's Wonderful Remedy. He found relief quickly. Mr. Curry wrote:

"I have spent thousands of dollars for doctors and medicine and hardly got temporary relief, and before I took your medicine I was about discouraged. But after taking your medicine I got great relief. My mental and physical suffering had been so bad that I had to resort to morphine, and even with that I did not get much relief. Your remedy helped me wonderfully. I have a good appetite, sleep well, and have gained weight."

May's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Unless you say "HORLICK'S" you may get a substitute.

How to Fight Tuberculosis

In a paper read last year before the American Medical Society and published in part in the Louisville "Medical Progress," Dr. J. W. Corbitt, of San Antonio, Texas, a physician who has devoted much time to the study of tuberculosis, said: "Since time immemorial three-fourths of all the mineral substances of the human body, they may be supplied in the foods or supplemented in mineral preparations, or natural starvation causes with tuberculous tubercles. The widespread and unchecked spread of tuberculosis and other preventable diseases is due largely to the decreased time for the production of minerals throughout the civilized world."

Thus, from another authoritative source, we learn that the treatment of tuberculosis is the treatment of minerals. Since this is one of the ingredients of the success attending the widespread use of the mineral food, it is due to the combination of this mineral with a good food to render it easily assimilable. It causes no indigestion, no constipation, and since it contains no sugar, it is safe for the most delicate of patients.

Dr. Corbitt's statement has effected remarkable results in numerous cases of pulmonary tuberculosis, and many of the most chronic affections of the heart and bronchial passages. In instances such as these, a good food has yielded complete relief.

G. M. Stewart who has been at the Allegheny General hospital in Pittsburg for some time was brought home and is recovering as rapidly as could be expected.

Miss Mary Stringer of Bentleyville is visiting with friends and relatives in Charleroi.

Woman's Liberty Bell Ready To Start Vote-Winning Tour

This Bell Will Ring For The First Time On The Day That The Women Of Pennsylvania Are Granted The Right To Vote.

Lashed firmly to a huge motor truck and accompanied by a corps of the ablest suffrage speakers in the country, the Woman's Liberty Bell will start on its vote-winning tour of the State tomorrow, from Sayre, Bradford County.

Suffrage enthusiasts from all parts of the State will be on hand to help the Mayor and the local suffragists give the bell party a rousing send-off. Newspapermen, photographers and moving picture operators will also be on the job to record the start of what promises to be a history-making trip.

For the silent appeal of the big bronze bell, with the chained clapper that is not to be released until the day that the women of this State are granted political freedom, is expected to win a sufficient number of votes to give Pennsylvania the distinction of being the first Eastern State to adopt woman suffrage.

Although Election Day is only a little more than four months away, the suffragists hope to reach every county in the State with their Liberty Bell. As planned now, the bell party will move from county seat to county

seat and open air meetings will be held at all convenient stopping places, from "cross roads" to public squares.

The suffragists of each county will have delegations of local celebrities meet the bell party at each county line and escort it to the county seat. There, another delegation will join forces with them and accompany the bell over to the neighboring county. In this way the trip of the Woman's Liberty Bell will be one continuous demonstration for suffrage from one end of the State to the other.

The schedule for the first twelve days of the bell tour is as follows: June 23, Sayre to Canton; June 24, Canton to Wellsboro; June 25, Wellsboro to Coudersport; June 26, Coudersport to Bradford; June 27, Sunday, rest in Bradford; June 28, Bradford to Warren; June 29, Warren to Union City; June 30, Union City to Meadville; July 1, Meadville to Sharon; July 2, Sharon to New Castle; July 3, New Castle to Pittsburgh; July 4, Sunday, rest in Pittsburgh; July 5, Independence Day celebration at Pittsburgh, in which the Woman's Liberty Bell will be the big feature.

Kennette Waterson of Fallowfield avenue has gone to Mecarechburg to spend his vacation at the home of his uncle Dr. William Johns.

Mrs. William T. Goss of East Braddock is visiting with Mrs. L. J. Mitchell of Lookout avenue.

Miss Carolyn Snyder of East End Pittsburg, formerly of Charleroi, is completing her musical education at the Pittsburg Conservatory of music.

A marriage license has been granted to John Walanski and Mary Krajaloki and Valentine Soman and Julia Fiojt all of Charleroi.

"THE ETERNAL CITY" TOMORROW AT THE COYLE

Tomorrow at the Coyle Theatre will be Hall Caine's splendid romance, "The Eternal City." Modern Rome with its brilliant and pulsating life, as seen by the author, and produced by the Famous Players company will be shown. The technical details and style of this picture is perfect, and gives it half its charm, the other half being supplied by Miss Pauline Frederick, who enacts the role of Donna Roma. This picture appeared in Pittsburg for a number of weeks and created quite an impression with the thousands that saw it.

Mr. Coyle announces that he has added the Metro service to his list of feature attractions, the first picture to be shown on July 7, the title being "Fighting Bob."
